

# *West Morgan-East Lawrence Water & Sewer Authority*

## Small Diameter Water Line Replacement

Approximately fifty three (53) miles of existing 3" water line installed under the Farmers Home program was replaced with 6" and larger lines to improve capacity and eliminate dead end lines, including:

- Planning
- Design
- Construction Administration
- Grant Administration
- EPA Special Appropriations Funding

*Individual Experience  
of InSite employees  
prior to the formation  
of InSite Engineering*

*Approximate Project Cost: \$8,000,000*
